SUGG THEATRE THE QUALITY PLAY HOUSE

TONIGHT—PICTURES

THE COMMANDING OFFICER

A drama of military life, which will rank high among screen productions. An adaptation of a Frohman play which long held the boards in New York. The scenes are strong with tense action. The difficult and sweetly pathetic role of the misjudged young wife is entrusted to Alice Dovey, well and favorably known in this country and England as one of the most charming and gifted ingenues of the contemporary stage. A counterplot of remarkable power adds to the overwhelming interest of the story.

This will be a wonderful picture to night. A thrilling film version of a play that stirred two continents. The acting is great.

Have coming, Monday, the 21st, "Pretty Mrs. Smith." The outdoor scenes are taken from locations in southern California and will be thoroughly appreciated by those who have never seen such natural beauty.

Have coming, "A Strange Disappearance," featuring King Baggott in three reels. Also will have Animated Weekly. Our pictures are good all the time. Our house is air cooled, a 25 piece Wurlitzer orchestra. Large, comfortable chairs.

Matinee 2:15 to 5 p. m.
Night show, 7:45 to 11.

A PICNIC

That's the thing that gets to buzzing in the brain of all of us about now. That picnic feeling comes to us just as regular as the grass gets green, and generally makes an irresistible appeal when the green grass, flowers and all out of doors seems to be calling to us.

Besides We Sell PICNIC GOODS

It isn't a picnic unless there's an abundance of EATS. They are just as necessary as the grass, thistles, flowers and chiggers. You could get along without some of the scenery, but the EATS—no never.
